

2006 KAYAK & CANOE RENTALS

Rental Info, Policies and Pricing...

Our fleet consists predominantly of flatwater canoes and kayaks - easy to get in and out of, very stable in the water, very comfortable and extremely durable. They are generally best used in slow moving rivers, lakes and close to shore in protected seas. We do have a limited stock of whitewater boats for rental to experienced paddlers only. [View our NEW 2006 fleet here.](#)

Rentals are a great way to try out boats before buying!

If you decide to purchase a boat, 50% of your rental fees will be deducted from the *retail price* of any boat purchased within 10 days of rental! Rentals may be secured (with a non-refundable deposit) with a credit card and drivers license.

As with any outdoor sport, proper training, protection, conditioning and awareness is required. We insist that you paddle with a friend, always wear your flotation (vest) and receive proper training. If you are white water kayaking, always wear an approved helmet. Bottom line: always be safe, prepared and be careful!!! Boat rental requires the completion of our **LIABILITY RELEASE FORM**.
